Mr. Tenzin Jinpa  
Principal Investigator  
WIMTACH  
Toronto, ON

RE: Frontend developer position

Dear Mr. Tenzin,

It is my pleasure to have the opportunity to submit my cover letter and resume in response to your exciting news as a Frontend developer, which was advised from Centennial School. I have experience with web application in HTML, CSS, and JavaScript while I am currently in the program of Software Engineering Technology at Centennial College.

During my previous work experience, I was an English tutor that boost my communication skills with customers and coworkers, and high efficiently complete the work by collecting valuable information. With well-planned time management and schedule making, I lead students to aid them build study habits and eventually reach the score from D to B+, which greatly practiced my leadership skills. I can use my experience to communicate with customers and assist coworkers. Meanwhile, my modeling experience boosts my aesthetics and supports me to create attractive design for the website. The attached resume includes more information about my technical skills and experiences related to the available position.

I believe that WIMTACH has received uncountable business awards for its outstanding products and services. It would be a great opportunity to be a part of your innovative team and to contribute my existing knowledge and skills in this field.

I would welcome to attend the interview and discuss my qualifications for this position in person. Thank you for your time and consideration.

Sincerely,  
Nanjin Wang
